At Hoe Grange we are committed to providing a website that is accessible to the widest possible audience, regardless of technology or ability. We are actively working to increase the accessibility and usability of our website, and in doing so aim to adhere to many of the available standards and guidelines.

Web Accessibility Initiative

The Hoe Grange Holidays website endeavours to conform to the [World Wide Web Consortium \(W3C\)](#) Web Content Accessibility Guidelines. These guidelines explain how to make web content more accessible for people with disabilities. Conformance with these guidelines will help make the web more user friendly for everyone.

Standards

We will continue to develop the site in accordance with guidelines promoted by the [World Wide Web Consortium \(W3C\)](#), the [National Institute for the Blind \(RNIB\)](#) and the [Plain English Campaign](#).

The site displays correctly in current web browsers. If you view our site in an older browser, you may find pages don't display as intended if the browser isn't standards-compliant. We recommend you upgrade your browser to the latest version of one of the following, to get the most from our site.

- **Microsoft Internet Explorer Version 8** and above
- **Mozilla Firefox 3** and above
- **Apple Safari 4** and above
- **Google Chrome 14** and above

Exceptions

Whilst Hoe Grange Holidays strives to adhere to the accepted guidelines and standards for accessibility and usability, it is not always possible to do so in all areas of the website. We are continually seeking out solutions that will bring all areas of the site up to the same level of overall accessibility. In the meantime should you experience any difficulty in accessing the Hoe Grange Holidays website, please don't hesitate to [contact us](#).

Talking Software

Talking software is available to help you use this website; [NVDA \(Non-Visual Desktop Access\)](#) is the most popular free screen reader. It is an open-source programme that comes in portable and installer versions, and can also convert text into Braille.
